Summary

- Fungal Molecular Genetics
- Fungal Genomics
- Plant Pathology
- Fungicide Research
- Insect Pathology

Keywords

- Fungal molecular genetics
- fungal genomics

Memberships

Organisations

School of Biological Sciences

Other sites

- Brissynbio

Research groups

- Plant and Agricultural Sciences

Labs

- Molecular Plant Pathology and Fungal Biology Group

Recent publications

Banks, AM, Barker, GL, Bailey, AM & Foster, GD, 2017, 'Draft Genome Sequence of the Coprinoid Mushroom Coprinopsis strossmayeri'. Genome Announcements, vol 5.
